COMPARE YOUR COSTS:

** These copays are based off the POS plan. Cost differentials are similar on the other two plans.*

We're all in this together...

Use of Urgent Care Centers for conditions that are not life-threatening can help reduce the cost of claims paid by our medical plan. But, many of the conditions that people go to the ER or Urgent Care for can also be treated—24/7— using Teladoc. Teladoc consultations are separate from our medical plan, so they **DO NOT COST OUR PLAN ANYTHING**, which helps PS&S control our cost.

COMPARE THE PLAN COSTS:

Medical Services	Emergency Room	Urgent Care	Teladoc Consultation
Asthma	\$12,303	\$85	\$0

Sinusitis	N/A	\$538	\$257
